MaxLine a revolutionary new exhibit that has changed the face of tradeshow floors forever.

These exhibits are sure to attract attention, introduced a revolutionary new kind of exhibit combining the impact of large-scale graphics with the strength to carry tools and products you need.

Most exhibitors today need more than a billboard. They need to support computer and monitor based presentation. They need build-in counter and shelves for both active demos and static display.

MaxLine offers more accessories than any other small exhibit.

### Printing Material

- *Dye sublimation - fabric graphic is washable, durable and wrinkle-resistant.*
- *Solvent printing mount on polycarbonate board*
